

Web Developer

We have an exciting opportunity for a Web Developer to join our creative team at Dewynters. As the leading independent arts, events and live entertainment marketing specialists, we create ground-breaking campaigns that are seen across the world, spanning the fields of theatre, opera, concerts, music, sport, film, comedy and exhibitions. We are innovators in the application of digital-first and data-driven marketing strategies to ticketed events.

Our unrivalled creative experience and passion, together with our strategic, digital and data-driven expertise, ensure we always deliver the very best campaigns and results for our clients. Clients include the Royal Shakespeare Company, Nitto ATP World Tennis Finals, Les Misérables, Mamma Mia!, The Lion King, Kinky Boots, The Book of Mormon, Taste London Festival and Marvel Universe Live!.

The Role:

You will support Dewynters' existing busy Digital Team in building and creating a range of web applications for our wide variety of clients. This is a great opportunity for a second/third jobber looking to take the next step up in their career in an exciting and dynamic environment.

You will be working with the team in developing and updating websites, landing pages and other web page assets whilst keeping abreast of new technologies for R&D.

About You:

- Team player who has a positive and collaborative approach and able to work under pressure.
- Attention to detail that is second to none
- Organised and able to work well under pressure, with experience of managing several projects at once.
- You will be passionate about web development and have an interest in theatre, arts and live entertainment

Essential skills/qualifications:

- Proven experience working in a fast-paced creative agency or similar environment.
- Modern HTML, CSS, JavaScript
- SASS
- JavaScript libraries (jQuery, React, Vue)
- Bootstrap 4
- Gulp / Webpack / NPM
- Git
- PHP
- MySQL
- API Integration
- WordPress
- Server side technology
- A good working knowledge of the Adobe Creative Suite

Desired skills

- Apache / Linux knowledge
- Interest and knowledge in ES6+
- Node.js / Express
- Static site generators (Gatsby)
- Knowledge of CSS methodologies (BEM), CSS modules, styled components

What can we offer you?

We offer a whole array of benefits including:

- Competitive salary
- 23 days' holiday rising to 28 days' holiday (includes the Christmas shut-down), plus bank holidays
- Flexible working
- Permanent health insurance

Web Developer

- Career development and training
- Enhanced maternity and paternity package
- Life cover
- Season ticket loan
- Ride to Work scheme
- Childcare vouchers
- Champagne and sabbaticals for long serving team members
- Christmas and summer parties
- Complimentary massages
- Complimentary fruit
- Five for Five social
- Complimentary theatre/entertainment tickets
